Examination Rules and Guidelines

Sample Institute of Technology (SIT) | Sample document for the RAG project (fictional policies)

1. Eligibility and Hall Ticket

Only students who satisfy the attendance requirement and have paid all dues are issued a hall ticket.

Students must carry the hall ticket and the college identity card to every examination. A student without both documents is not allowed to enter the hall without written permission from the Controller of Examinations.

2. Conduct in the Examination Hall

Students must report to the examination hall 20 minutes before the start of the examination. No student is allowed to enter after 30 minutes from the start time.

Mobile phones, smart watches and any electronic device are strictly prohibited. Possession of such a device is treated as malpractice.

Use of unfair means leads to cancellation of the paper and may lead to cancellation of the entire semester examination, depending on the severity decided by the Malpractice Committee.

3. Revaluation Procedure

A student who is not satisfied with the marks in a theory course may apply for revaluation within 7 days of the declaration of results.

The revaluation fee is Rs. 1000 per course. The application must be submitted online through the student portal along with the fee receipt.

Revaluation is done by a second examiner who is not the original evaluator. If the marks change by 10% or more of the maximum marks, the average of the two is awarded. The revaluation result is declared within 15 working days.

Photocopy of the answer script can be obtained on payment of Rs. 300 per course before applying for revaluation.

4. Supplementary and Backlog Examinations

Supplementary examinations are conducted within 30 days after the declaration of regular semester results.

A student may appear for a backlog examination up to three times for each course. The fee is Rs. 800 per course for the first attempt and Rs. 1200 for every later attempt.

Laboratory courses and project work have no supplementary examination; a failed student must re-register for the course.

5. Results

Results are published on the student portal within 21 days of the last examination. Results are provisional until approved by the Academic Council.
