Placement Guidelines

Sample Institute of Technology (SIT) | Sample document for the RAG project (fictional policies)

1. Eligibility Criteria

A student must have a minimum CGPA of 6.5 with no active backlogs to be eligible to sit for campus placement drives.

Individual companies may set higher criteria; the criteria set by the company over-ride the minimum institute criteria.

Students must have a minimum of 80% attendance in the semester in which the drive is conducted.

2. Registration

Students must register with the Training and Placement Cell by the end of the sixth semester by submitting the resume, the photo, and the latest marksheet.

A registration fee of Rs. 500 is charged once and is non-refundable.

3. Offer Policy

A placed student cannot sit for another drive except for a dream offer. A dream offer is one whose annual package is at least 1.5 times the highest package already received.

A student who does not join after accepting an offer is debarred from all further placement activity.

Students must attend the pre-placement talk and aptitude test of a company they have registered for. Absence without prior approval results in a penalty of one drive.

4. Internships

Internships of at least 8 weeks are encouraged in the summer between the sixth and seventh semesters. A certificate from the company is mandatory to earn the internship credits.

Stipend-based internships that convert to a pre-placement offer are treated as a placement offer.
